

PYO Pumpkins COVID 19 Risk Assessment 2020

Methods	Description	Effect
Timed Picking Session	Morning & Afternoon Sessions	To allow the field and equipment to be cleared and cleaned
Online Booking System	To control numbers on site at each session	Will reduce volume of people in the field & carpark, allowing social distancing
Secure sessions	The main gate will be closed once each session time limit has been reached	To ensure numbers on site are known and controlled
A loan wheelbarrow for each booking	To allow easy collection of pumpkins and minimal handling	Reduces touching of pumpkins
Ticket verification at entrance to carpark	Mobile checking of tickets	To ensure only those that book can pick pumpkins To prove a 'Track & Trace' system should this become necessary
Hand sanitiser posts	Hand sanitisation prior to field & shop entry	To help reduce the spread of the virus
Supervision Marshalls	Marshalls to ensure social distancing is maintained	To ensure people stay safe
Entry & Exit Bridge	Separate entry and exit points to the field	To avoid close contact at pinch points
Fixed price per wheelbarrow	The is one fixed price per wheelbarrow	To ensure staff and customers are not in close contact for more than is necessary
Contactless payments	Card machines at every checkout	To reduce touching contact. We will still accept cash
Cleaning	All Wheelbarrow handles and touch points will be sanitised between sessions	To avoid the spread of the disease
